

The flag is not a condom

World Trade Center 2996 innocent civilians slaughtered
Afghanistan War 3000-3400 innocent civilians slaughtered
Iraq War 3700-4400 innocent civilians slaughtered and counting
When will we ever learn?

You love your country, but please don't support wars that kill more children. The World Trade Center is a lesson that killing innocent men, women and children brings only suffering. If the Iraqi children that we slaughtered were yours, would you be waving the flag?
