

The flag is not a condom

World Trade Center – 2996 innocent civilians slaughtered
Afghanistan War – 3000-3400 innocent civilians slaughtered
Iraq War – 3700-4400 innocent civilians slaughtered and counting
Will we ever learn?

You love your country, but please don't support wars that kill more children. The World Trade Center is a lesson that killing innocent men, women and children only brings suffering. If the Iraqi children that we slaughtered were yours, would you be waving the flag?
